Harvard Vendors and Licensed Site Professionals

Harvard EHS and Campus Services Procurement review and approve qualified vendors and Licensed Site Professionals (LSP).

Unless otherwise specified, qualified vendors have university-wide Master Services Agreements (MSA) with Harvard. Contact your school's or business unit's procurement department for MSAs.

Qualified vendors must complete these requirements to remain in good standing with Harvard:

- Comply with their MSA's terms, including maintaining and updating their membership and registration with Highwire.
- Execute contracted services per their MSA:
  - In a professional manner and in compliance with all local, state, and federal regulations.
  - Following applicable Harvard guidelines (including the Service Contractor Safety Guide and Construction Safety Standard).
- Provide quotes for work requested by each school or department under the central MSA. Quotes must provide Harvard's preferred pricing or better.
