Overview

The 2026 Harvard University Higher Education Act (HEA) Fire Safety Report includes current fire safety related policy statements as well as statistics from calendar years 2023, 2024, and 2025.

The report covers the following campuses:

- Allston, MA.
- Cambridge, MA.
- Harvard Forest (Petersham, MA).
- Harvard Longwood Campus (Boston, MA).

Attention: HEA Information/EHS Fire Safety

Higher Education Act

Fire Safety

The HEA requires that colleges and universities publish an annual fire safety report and maintain a fire reporting log.

Copyright © 2026 The President and Fellows of Harvard College

To request this document in an alternative format contact ehs@harvard.edu

Reports

This report is the primary location detailing Harvard's HEA fire safety requirements and information.

An HEA Fire Log is available for review on the EHS website. The fire log includes information about fires that occur in residential facilities, including the general location, date and time, and nature of the fire and the date of report. A physical copy of the log can be obtained at 46 Blackstone Street, South, third floor, Cambridge, MA.

The Clery Act Annual Security Report for Harvard University are published separately from the Fire Safety Report by the Harvard University Police Department (HUPD). See the HUPD Annual Security Report.

Student Information

Every year college and university students experience fire-related emergencies on college campuses. There are several causes for these fires; however, most are due to a general lack of knowledge about fire safety and prevention.

All students should be familiar with the following:

- Only use extension cords that are properly rated and in good condition. Ensure cords are not spliced, run through doorways or partitions, or covered with rugs.
- Ensure emergency exit doors within rooms and suites are not blocked on either side by any kind of obstruction, including furniture.
- You must not abuse or tamper with fire alarms, smoke detectors, sprinkler systems, or extinguishers.
- You must evacuate during all fire alarms. A delayed evacuation could result in you becoming trapped or seriously injured.
- Routinely report fire hazards to your building manager, tutor, proctor, or residence assistant.
- Be familiar with the locations of fire pull stations, primary and secondary emergency exits, and designated meeting locations outside.
- Keep fire doors closed unless the door is protected by a hold open device that closes the door if the alarm goes off. During an emergency, fire doors separate you from fire and smoke.
- Do not use elevators during a fire emergency.
- Refer to your school's specific student handbook for additional or site-specific fire safety information.

Prohibited Items and Activities

Item or Activity	Prohibited From	Details
Smoking	All dormitories and Harvard University Housing (HUH) properties.	No smoking or vaping inside any Harvard building and not within 25 feet of the building. Some Campus areas are smoke free.
All open flames	Dormitories and HUH properties.	None
Using candles	House and dormitory rooms and communal areas.	Using candles is prohibited in House and dormitory rooms and communal areas, except for individuals observing religious holidays.[1] Students may light candles only as long as they are in a House communal area, have approval from the Faculty Dean, and if they stay with the lit candles.
Halogen lamps	House and dormitory rooms and communal areas.	None
Cooking equipment	Any room or apartment not equipped with permanent cooking facilities.	Cambridge forbids cooking in any room or apartment not equipped with permanent cooking facilities.
Fire pits and outdoor patio heaters	In general, prohibited in Boston and Cambridge per local fire regulations.	Boston: • Fire pits that use solid fuel, such as wood or charcoal, are illegal in Boston. • Permitted and permanently installed gas fire pits that use natural gas or propane are permitted in Boston. Cambridge: • Using fire pits, chimeneas, or portable heating devices that use solid, liquid, or gas fuels is prohibited in Cambridge.
Using fireplaces	Student rooms and suites.	Fireplaces are sealed.

[1] Refer to your school specific handbook for more information and restrictions.

To request this document in an alternative format contact ehs@harvard.edu

Item or Activity	Prohibited From	Details
Unattended charging of lithium batteries	House and dormitory rooms. No charging allowed in communal areas.	Lithium batteries for mobility devices must be attended while charging and you must follow the manufacturer's charging and safety guidelines. Review Driving and Riding Safety for more information.

If You Discover a Fire

If you discover a fire, follow the R.A.C.E. acronym.

1. **Relocate:** If it is safe to do so, relocate people in immediate danger. Be aware of people who may need assistance.
2. **Alarm:** Pull the building fire alarm to alert others. Fire pull stations are typically near the fire exits and main exits.
3. **Confine:** If it is safe to do so, close all doors as you exit your room or office.
4. **Evacuate:** Evacuate the building. Do not use elevators. Report to your designated meeting site.

Housing Evacuation Guidelines

If a Fire Alarm Activates

1. Stop all activities and immediately initiate an evacuation. Do not delay.
2. Test your door. If it is hot, seal the door with a wet towel to help keep smoke out.
3. If there is a fire, immediately call 911 and HUPD (617-495-1212). Provide your exact location.
4. If smoke enters the room, stay low to the floor. If possible, signal the fire department from a window.
5. If it is safe to exit, take your room keys and close your room's door behind you as you exit.
6. Follow exit signs to the nearest fire stairwell. Do not use elevators.
7. Go to your designated meeting site and wait for further instructions.
8. Do not re-enter the building until authorized by HUPD or the fire department.

Visit EHS Fire Safety for more fire safety information.

Finding Evidence of an Unreported Fire

If a member of the Harvard community finds evidence of a fire that was extinguished and are not sure if HUPD already responded, they should immediately notify HUPD at 617-495-1212 to investigate and document the incident for disclosure in Harvard's annual fire statistics.

After Discharging Fire Extinguishers

Any discharge of a portable fire extinguisher must be immediately reported to the Operations Center.

Campus	Operation Center Phone Number
Allston	617-495-5560
Cambridge	617-495-5560
Harvard Longwood Campus	617-432-1901 (HMS/HSDM) 617-495-5560 (HSPH)

Fire Alarm Systems

Types of fire alarm activation systems in dormitories:

Detection System	Location	Type of Alarm or Evacuation	Next Steps
Smoke detector	Dormitory rooms and suites. If there are multiple detectors in your suite, they will all activate.	Local fire alarm	Pull a fire alarm pull station. Then evacuate the building.
Combination smoke and heat detector	Units and communal areas, such as hallways, kitchens, and mechanical rooms.	General evacuation	Evacuate the building.
Fire alarm pull station	Near fire rated staircases and building exits.	General evacuation	Evacuate the building.
Activation of a sprinkler head	If a sprinkler head is activated by a fire or damage, water flow will activate the fire alarm (horns/strobes) throughout the building.	General evacuation	Evacuate the building.

Activating a general evacuation alarm immediately notifies the local fire department.

Fire Safety Training

All fire safety training that Harvard provides educates students about topics that include the procedures students should follow in case of a fire. Fire safety awareness is incorporated into many Harvard operations training programs.

Copyright © 2026 The President and Fellows of Harvard College

To request this document in an alternative format contact ehs@harvard.edu

Cambridge Campus Training

EHS provides training with Harvard College tutors and proctors, and Graduate School of Arts and Sciences residential advisors at the beginning of the fall semester.

The advisors in each dormitory on campus review basic fire safety and emergency procedures during entryway meetings.

Students are provided with additional fire safety information as part of their move-in information, which is also available through EHS Fire Safety.

Allston Campus Training

Emergency procedures are provided to students during their initial orientation to the Harvard Business School.

Harvard Longwood Campus Training

EHS provides fundamental fire safety and awareness training to the Resident Advising Program at Vanderbilt Hall and Shattuck International House at the start of the academic year.

Mandatory meetings are conducted reviewing fire prevention and evacuation procedures.

Harvard Forest Campus Training

Emergency evacuation plans and emergency procedures are provided to all students, staff, and faculty during their initial orientation to the Harvard Forest.

Harvard University Housing Training

All tenants are provided with a detailed emergency information package along with their move-in package to HUH.

Additional emergency information is available on the HUH website. The amenities section provides information about topics like smoke detection and sprinklers.

Fire Drills

Fire drills aim to teach behavior which can help you survive a fire emergency, prepare you with alternative escape routes, and help you understand your responsibilities in case of a fire.

EHS coordinates with building and facility managers, Facilities Maintenance Operations (FMO) Fire Safety, and the Operations Center to observe and monitor basic life safety systems of buildings.

As part of Harvard's fire awareness and fire prevention initiative for residential, office, and commercial buildings, fire drills are conducted to:

Copyright © 2026 The President and Fellows of Harvard College

To request this document in an alternative format contact ehs@harvard.edu

- Review the physical layout of the building.
- Identify fire and safety hazards.
- Observe audible and visible alarm devices.
- Observe evacuation of the building.
- Observe building occupant's behavior.
- Review the building's emergency evacuation plan.

To simulate an actual building evacuation, all fire drills are unannounced.

Allston and Cambridge Campuses Fire Drills

Fire drills are currently conducted:

- In all dormitories on-campus between late September and early October. These drills include Harvard College, Harvard Business School, Harvard Law School, Harvard Graduate School of Arts and Sciences, Harvard Graduate School of Education, and Harvard Divinity School.
- With the Harvard Summer School program during the first two weeks of the summer session.

Fire drills are conducted in the evening and are unannounced.

Harvard Longwood Campus Fire Drills

Fire drills are generally conducted two times each calendar year on the Harvard Longwood Campus at the residential houses for the on-campus dormitories of the Harvard Medical School and Harvard School of Public Health.

Harvard University Housing Fire Drills

Fire drills are periodically conducted throughout HUH's residential property portfolio.

Future Improvements

- Harvard continues to monitor and upgrade the fire life safety system. This is an ongoing process.
- Harvard College engaged in a House Renewal Project, completely upgrading the residential River Houses. This is an ongoing multiyear project.
- Harvard implemented National Fire Protection Association (NFPA) 4: Standard for Integrated Fire Protection and Life Safety System Testing in all newly constructed residential dormitories.
- Residential dormitories completed building-specific online emergency evacuation guides. These guides are accessible through Emergency Evacuation Plans and are reviewed annually.

Copyright © 2026 The President and Fellows of Harvard College

To request this document in an alternative format contact ehs@harvard.edu

- Training and fire safety information is reviewed annually. We strive to continuously improve our fire safety information with timely fact sheets, online trainings, and interactive classroom presentations.

2025 Fire Safety Statistics Summary

Residential Housing Calendar Year 2025

Type	Totals	On Campus Dormitories	HUH
Number of fires	6	1	5
Number of fire related injuries	0	0	0
Number of fire related deaths	0	0	0

2025 Occurrence Details

Dates and Times	School or HUH	Location	Details
10/23/2025 9:10 PM	Harvard University Housing	Vanderbilt Hall	• Unintentional • Leftover food in oven ignited when oven preheated • Damage limited to cleaning oven • No injuries • Property loss: $1,000 - $9,999
10/16/2025 2:17 PM	Harvard University Housing	Botanic Gardens Building G	• Unintentional • Pan left in oven overheated • Damage to pan only (no building or equipment damage) • No injuries • Property loss: $100 - $999
07/04/2025 2:53 PM	Harvard University Housing	301 Holden Green	• Unintentional • Improperly disposed of cigarette caused bark mulch fire • No damage • No injuries • Property loss: $0 - $99

Dates and Times	School or HUH	Location	Details
06/06/2025 4:06 PM	Harvard University Housing	Peabody Terrace Entry 25 (Building E)	• Suspected arson • Water damage to two lower units. • No injuries • Property loss: $1,000 - $9,999
04/18/2025 5:52 PM	Harvard Graduate School of Arts and Sciences	Conant Hall	• Unintentional • Improperly disposed of cigarette caused bark mulch fire • Damage to window and window assembly • No injuries • Property loss: $1,000 - $9,999
03/09/2025 3:46 PM	Harvard University Housing	95 Prescott Street, Cambridge, MA	• Unintentional • Clothing in the dryer caught fire • Damage contained to dry unit and its contents • No injuries • Property loss: $1,000 - $9,999

2024 Fire Safety Statistics Summary

Residential Housing Calendar Year 2024

Type	Totals	On Campus Dormitories	HUH
Number of fires	6	4	2
Number of fire related injuries	0	0	0
Number of fire related deaths	0	0	0

2024 Occurrence Details

Dates and Times	School or HUH	Location	Details
12/13/2024	Harvard College	Fairfax Hall (swing space), Cambridge, MA	• Unintentional • Storage of combustible bags under stove caught fire • Damage limited to stove and wall • No injuries • Property loss: $1,000 - $9,999
11/07/2024	Harvard Medical School	Vanderbilt Hall 107 Avenue Louis Pasteur, Boston, MA	• Unintentional • Unattended stove top cooking • Damage limited to flooring where pot was moved from stove top • No injuries • Property loss: $1,000 - $9,999
11/04/2024	Harvard College	Lowell House, Cambridge, MA	• Unintentional • Oven fire • Damage limited to oven unit after ansul suppression activated • No injuries • Property loss: $1,000 - $9,999
07/25/2024 8:57 AM	HUH	17 Grant Street, Cambridge, MA	• Unintentional • Items on stovetop caught fire • Minor damage to the stove • No injuries • Property loss: $1,000 - $9,999
05/14/2024 12:05 PM	HUH	One Western Ave, Allston, MA	• Unintentional • Pot on top of stove caught fire • Damage limited to stove top and exhaust fan • No injuries • Property loss: $1,000 - $9,999
04/25/2024	Harvard College	20-20A Prescott Street, Cambridge, MA	• Unintentional • Electrical device (small pump for inflatable mattress) caught fire while charging bed unit • Minor damage to desk • No injuries • Property loss: $100 - $999

2023 Fire Safety Statistics Summary

Residential Housing Calendar Year 2023

Type	Totals	On Campus Dormitories	HUH
Number of fires	2	2	0
Number of fire related injuries	0	0	0
Number of fire related deaths	0	0	0

2023 Occurrence Details

Date and Time	School or HUH	Location	Details
10/26/2023 1:57 AM	Harvard College	Mather High Rise	• Unintentional • Unattended electric hair clipper charging on the carpet/floor malfunctioned and caused a small fire • No injuries • Damage limited to a small area of carpet and wall (sprinkler system activated and extinguished the fire) • Property loss: $1,000 - $9,999
10/08/2023 11:30 AM	Harvard Medical School	Vanderbilt Hall, third floor, Avenue Louis Pasteur	• Unintentional • Unattended cooking • No injuries • Damage limited to toaster oven, back splash painted surface, and bottom of upper cabinet • Property loss: $1,000 - $9,999
