Cold and Warm Room Safety
Contact ehs@harvard.edu or 617-495-2060 for help

NO DRY ICE, LIQUID NITROGEN, OR COMPRESSED GAS
(except breathing air)

NO FLAMMABLE LIQUIDS OR GAS

NO VOLATILE CHEMICALS (including acids)

NO FOOD OR DRINKS

NO OPEN FLAMES

STORE HAZARDOUS CHEMICALS IN LAB FRIDGES*

To prevent mold:
• Reduce or don’t use cardboard, wood, cloth, and paper
• Report water leaks and surface condensation to facilities
• Latch doors
• Quickly clean spills and dry surfaces

*If you can’t store chemicals in lab fridges, store them in secondary containers in cold rooms but don’t use them in cold rooms. Don’t store hazardous chemicals in warm rooms.
