

Daily Health Monitoring Systems in Review

A Daily health attestation must be completed daily prior to arriving on campus. The format will vary depending on whether the contractor has a HUID or not.

Has a HUID – Use CrimsonClear*

1. Service Contractor staff must claim their Harvard Key
<https://key.harvard.edu/select-user-type>
2. Login to the Harvard Training Portal
<https://trainingportalinfo.harvard.edu/> and complete the COVID-19 Awareness Training for Non-lab Personnel.**
3. They will now be able to use Crimson Clear daily for their health attestation
<https://crimsonclear.harvard.edu/>

Does not have a HUID – Paper or Other Option*

1. Vendors without a HUID can complete either
 - a) The printable Crimson Clear Form (they must print and fill out this form each day to gain entry to the building.
 - b) Complete Crimson Clear for Non-HUID Visitors and Vendors. They will get a pass in their email similar to the Crimson Clear pass that they can use to gain entry to a building
https://harvard.az1.qualtrics.com/jfe/form/SV_8ByoGMIsXNTua_b3

*anyone can use the paper form if they don't have access to a computer, or have other accessibility considerations. Ideally this data would be entered into one of the electronic options.

** Certain POI categories are not integrated with the Harvard Training Portal – see this link for additional information
