

Radioactive Materials Package Receipt Statement Form

This statement must be completed by an individual authorized to directly accept shipment of radioactive materials by the Radiation Protection Office.

Fax the completed form and the shipping paper to the RPO at 617-496-5509

Record the following information, one form per package. **All information is required.**

Purchase Order Number:	
Vendor:	
Nuclide:	
Activity Received in μCi:	
Principle Investigator:	
Exposure, contact in mR/hr:	
Exposure, 3 feet in mR/hr:	
Wipe test in DPM:	
Package Type (LQ, WI, YII):	
Receipt date:	
Receipt time:	
Person receiving:	
Signature:	

Exposure is measured with a Geiger-Mueller (GM) pancake probe-equipped survey meter in a low background area. Record the highest exposure at the package surface and at 3 feet.

A wipe test is conducted by wiping a filter paper over 300 cm^2 (about a 7" by 7" area) of the package exterior. Count the wipe test with a liquid scintillation counter.

- **LQ** has a UN2910 label
- **WI** has a white diamond with red "**I**"
- **YII** is a yellow and white diamond with red "**II**"

Please notify the RPO at 617-496-3797 immediately if a package appears damaged, leaking, or the wipe test is greater than 3,000 DPM.
