FIRE PREVENTION

The best way to prevent fire is to minimize its potential through the observation of safe work practices and housekeeping. You should observe the following basic rules:

- Do not block or hamper passageways or exit doors.
- Keep storage areas neat and clean.
- Avoid accumulating excessive paper products.
- Do not store combustible items such as paper and cardboard against electrical panels, in telephone closets, stairwells, and corridors.
- Do not store flammable or combustible fluids or gases without permission from the building manager.
- Maintain electrical appliances in good working order. Periodically check for potential electrical hazards such as frayed cords, broken plugs and overloaded electrical outlets. Avoid using extension cords.
- Make sure all electrical appliances and cords are approved by the Underwriters Laboratory (UL).
- Refrain from stacking items too high or close to the ceiling where they may hamper the operation of sprinkler devices. Nothing should be hung from sprinkler heads.
- Do not use space heaters. These units are a major cause of building fires and their use is not authorized within the building.
- Use timers to automatically shut off coffee makers.
- Keep lunch rooms and kitchens clean.

25 Shattuck Street
Boston, MA
General Evacuation Guidelines

- If the fire alarm is activated - STOP all activities and immediately initiate an evacuation.
- If it is safe to do so, close doors behind you as you exit.
- If you encounter visitors or guests - assist as necessary - go to the closest emergency exit.
- Follow EXIT signs to the nearest fire stairwells.
- Do not use elevators.
- Go to your designated meeting site.
- Please wait for further instructions.
- Do NOT re-enter the building until authorized by HUPD or the Boston Fire Department.

Plan Ahead

- Learn the location of alternative exits from all work areas.
- Know the location of the nearest fire alarm and learn how to use it.
- Know the location of your buildings/ departments meeting site.
- If you have a disability that may delay your escape - communicate your needs with your building manager or the Accessible Education Office.

If You Discover a Fire

- Relocate - If safe to do so, relocate people in immediate danger. Be aware of persons who may need assistance.
- Alarm - Pull the building fire alarm to alert others. Fire pull stations are typically near the fire exits and main exits
- Confine - Close all doors as you exit your office, if safe to do so.
- Evacuate - Evacuate the building. Do not use elevators. Report to your designated meeting site.
